Do you know what is a Waste Reduction Specialist?

Yes

No

Do the mentioned statements below help to create jobs, minimization waste and help the environment?

(Choose yes/no next to the statement you think is suitable for the question asked.)

- Waste reduction specialist in your organisations industrial waste, implements a system to reduce waste.
- Preventing pollution caused by reducing the need to harvest new raw materials on farms.
- Creates landfills.
- Reduces greenhouse gases, saves energy and creates jobs.

YES, IT DOES HELP.

NO, IT DOES NOT HELP.

Waste reduction specialist in your organisations industrial waste, implements a system to reduce waste.

Preventing pollution caused by reducing the need to harvest new raw materials on farms.

Creates landfills.

Reduce greenhouse gases, saves energy and creates jobs.

Choose the duties you think a Waste Reduction Specialist does.

- ☐ Assessing waste streams.
- ☐ Identifying opportunities for waste reduction and recycling.
- ☐ Ensuring compliance with environmental regulations.
- ☐ Responsible for anything that is waste related on the vessel.
- ☐ Maintaing and cleaning the equipment of Waste Handeling.
- ☒ All of the above

From a scale of 1 to 5, do you think a Waste Reduction Specialist gets paid more than Waste Management Supervisor.

1	2	3	4	5
☐	☐	☒	☐	☐

Which Universities in South Africa do you think offer the degree to become a Waste Reduction Specialist and has a waste reduction system implemented?

☒ Stellenbosch University

☐ Nelson Mandela University

☒ University Of Cape Town

RHODES UNIVERSITY
Where leaders learn

☐ Rhode University

SOL PLAATJE UNIVERSITY

☒ Sol Plaatjie University

☐ None of the Above

Do you know what is a Waste Reduction Specialist?

☒ Yes

☐ No

Do the mentioned statements below help to create jobs, minimization waste and help the environment?

(Choose yes/no next to the statement you think is suitable for the question asked.)

- Waste reduction specialist in your organisations industrial waste, implements a system to reduce waste.
- Preventing pollution caused by reducing the need to harvest new raw materials on farms.
- Creates landfills.
- Reduces greenhouse gases, saves energy and creates jobs.

YES, IT DOES HELP.

NO, IT DOES NOT HELP.

Waste reduction specialist in your organisations industrial waste, implements a system to reduce waste.

Preventing pollution caused by reducing the need to harvest new raw materials on farms.

Creates landfills.

Reduce greenhouse gases, saves energy and creates jobs.

Choose the duties you think a Waste Reduction Specialist does.

- ☐ Assessing waste streams.
- ☐ Identifying opportunities for waste reduction and recycling.
- ☐ Ensuring compliance with environmental regulations.
- ☐ Responsible for anything that is waste related on the vessel.
- ☐ Maintaing and cleaning the equipment of Waste Handeling.
- ☒ All of the above

From a scale of 1 to 5, do you think a Waste Reduction Specialist gets paid more than Waste Management Supervisor.

1	2	3	4	5
☐	☒	☐	☐	☐

Which Universities in South Africa do you think offer the degree to become a Waste Reduction Specialist and has a waste reduction system implemented?

☒ Stellenbosch University

☐ Nelson Mandela University

☒ University Of Cape Town

RHODES UNIVERSITY
Where leaders learn

☐ Rhode University

SOL PLAATJE UNIVERSITY

☒ Sol Plaatjie University

☐ None of the Above

Do you know what is a Waste Reduction Specialist?

☐ Yes

☒ No

Do the mentioned statements below help to create jobs, minimization waste and help the environment?

(Choose yes/no next to the statement you think is suitable for the question asked.)

- Waste reduction specialist in your organisations industrial waste, implements a system to reduce waste.
- Preventing pollution caused by reducing the need to harvest new raw materials on farms.
- Creates landfills.
- Reduces greenhouse gases, saves energy and creates jobs.

YES, IT DOES HELP.

NO, IT DOES NOT HELP.

Waste reduction specialist in your organisations industrial waste, implements a system to reduce waste.

Preventing pollution caused by reducing the need to harvest new raw materials on farms.

Creates landfills.

Reduce greenhouse gases, saves energy and creates jobs.

Choose the duties you think a Waste Reduction Specialist does.

- ☐ Assessing waste streams.
- ☐ Identifying opportunities for waste reduction and recycling.
- ☐ Ensuring compliance with environmental regulations.
- ☐ Responsible for anything that is waste related on the vessel.
- ☐ Maintaing and cleaning the equipment of Waste Handeling.
- ☒ All of the above

From a scale of 1 to 5, do you think a Waste Reduction Specialist gets paid more than Waste Management Supervisor.

1	2	3	4	5
☐	☐	☐	☒	☐

Which Universities in South Africa do you think offer the degree to become a Waste Reduction Specialist and has a waste reduction system implemented?

☐ Stellenbosch University

☐ Nelson Mandela University

☐ University Of Cape Town

RHODES UNIVERSITY
Where leaders learn

☐ Rhode University

SOL PLAATJE UNIVERSITY

☐ Sol Plaatje University

None of the Above

This form was created inside of Queen's College Boys' High School.
